REMEMBER!
Albany is a city of homes. It wouldn't be if it were not for your local merchants. Houses do not make a city. Support them, your property values depend on it!

The NEWS in BRIEF

Actually, the New Year changes little but the calendar. Yet, the minds of most people it marks a point of fresh beginning, incentive and new hope. All of us wish for a New Year that really be happy. The measure of happiness and sadness we experience seems largely determined by mighty outside forces.

Legion to Hold Annual Christmas Necktie Party

The lights will be dimmed and members will turn out with eye blinkers and dark glasses at Albany Legion's annual Christmas Necktie Party to be held 8 p.m. Friday at the Veterans Memorial Building.

The event is held each following Christmas in order that members may appear in their fancy neckwear which is judged according to beauty, comical, drabness and originality in the case of home made creations.

On a request of the Albany Junior Chamber of Commerce, the Legion has unanimously voted Mayor Jerome Blank as the outstanding young man of 1952. Blank is a member of both the Jaycees and Legion.

Arthur Carlson has been appointed general manager of the 1953 Spring Smoker. The date of the show will be set Friday evening.

Albany Library Adds New Hours

The Albany Library today has added extra morning hours in keeping with its goal of better service for the community.

The library now has a circulating collection of approximately 20,000 books and magazines which are kept current by new additions every month.

The technical collection has been brought up to date with the latest editions of various texts and handbooks which include "Materials Handbook," "Industrial Relations Handbook," "Civil Engineering Handbook," "Electrical Engineers Handbook," "Lighting and Lamp Design" and the "Television Primer of Production and Direction."

The library also has a 54 volume set of Great Books of the Western World published by the Encyclopedia Britannica.

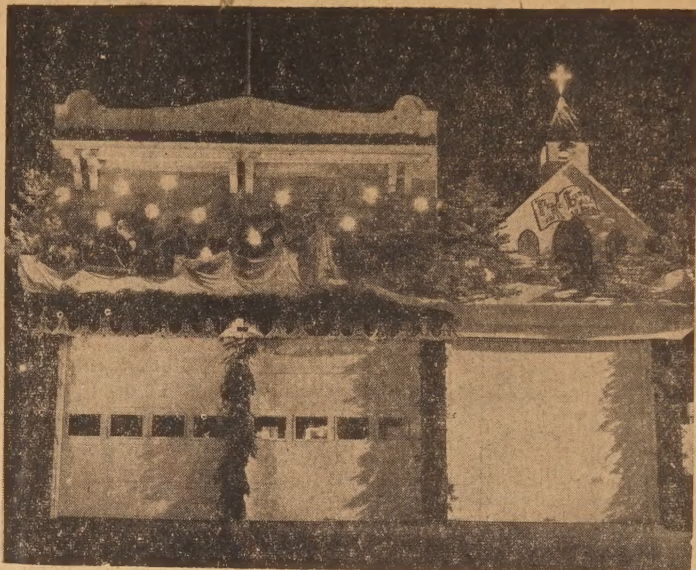

Local Soldier Coming Home

Yoshio Ito, son of Mr. and Mrs. Sangoro Ito, 1312 Cornell Ave., who was recently promoted to corporal, has received orders to return to the United States from Korea, where he has been serving with a unit of the X Corps, according to word from X Corps over there.

A tactical command between divisional and Army level, X Corps is one of three in the combat zone. Special units attached to it perform duties for some or all of the combat organizations under its command.

Cpl. Ito, former communications chief of the 2998th Engineer Treadway Bridge Co., entered the Army in January, 1951.

Mr. and Mrs. Robert J. Butler, of 415 Talbot Ave., are parents of a boy born December 27 at Herrick Hospital. He weighed 6 pounds 14 ounces and they are calling him Richard Alan.

STILL CATCHING the eye of passing motorists and pedestrians is the beautiful Christmas display on the Albany Fire House at Washington and San Pablo Aves. Eight moving reindeer pull Santa's sled, while loudspeaker sends out Christmas carols. White church to one side has message written over door, "Peace on earth, good will to men."

COUNCIL DISCUSSES VOLUME OF BUSINESS BUT APPROVES LITTLE

HAPPY NEW YEAR

Old '52 dies, full of wrinkles and care and of the dead resolutions we made so bravely and broke so many months ago.

Bright new '53 offers a new change. Its pages of months and days are unmarked and clean, ready for us to write on them what we will of new achievement and fresh dreams.

It has been our observation that too many individuals start with too much of a bang. By that we mean that they try to accomplish too much. They set for themselves goals which are just too tough to achieve.

Of course, there is nothing wrong in trying. But more real progress can be made by seeking more modest attainments and then actually reaching them.

Maybe this will be the best of all years for most of us. The signs are hopeful. We begin 1953 with employment, production and individual income at record peaks and still rising as we cross the New Year line!

All the Republicans are happy, too! Think of starting the New Year in power, after 20 years of exile from Washington. And Democrats have reason for a lot of cheerfulness, now that they've recovered from the initial blow of defeat. It can be refreshing fun to heave brickbats of criticism after being on the receiving end for so long.

Let the bells ring out and the whistles blow the wish for the happiest of New Years from each of us to all of you!

Albany March of Dimes Chairman Urges Support of Annual Drive

It's March of Dimes time in Albany. Support the work of the National Foundation for Infantile Paralysis.

Heading this community's polio appeal in behalf of the Alameda County Chapter of the National Foundation for Infantile Paralysis is Alexander D. Hackin, Albany automobile dealer.

Following a year in which polio patient care funds of the Alameda County Chapter of the NFIP were depleted after ten months of activity, the 1953 drive, which officially opens Friday, January 2, is going to be the most extensive in March of Dimes history, Hackin said.

He urged all Albany residents to join the March of Dimes and help

Headquarters for the Alameda County March of Dimes have been established at 121 East 11th Street, Oakland.

Albany's March of Dimes leader is area chairman for the Green Cross, past president of the Albany Chamber of Commerce, past president of Rotary Club of Albany and past district governor of Rotary International, District 157.

He also is a member of the Orinda Country Club.

Churches Plan 'Watch Night'

The annual Watch Night service will be held at the First Baptist Church New Year's eve from 9 p.m. to 12 midnight, it was announced by the Rev. A. O. Odegaard, pastor.

A varied program is planned for both young and old, and the last hour will be a time of devotion closing with the Lord's Supper.

The New Year's eve service at Christ Lutheran Church, Stockton at Ashbury Ave., El Cerrito, will start at 7:30 p.m.

A feature of the worship will be the continuing Bible readings on the meaning of time and eternity, which will take the place of the regular sermon. Familiar carols and spiritual songs for congregational participation will also be included.

The Albany City Council Monday night discussed a volume of business, most of which was held over for further study after an hour and one-half session.

Heading the business agenda was a request of City Engineer A. L. Brinckman to employ an assistant city engineer at a monthly salary of \$450 plus a \$30 car allowance.

He explained in a letter to the Council that in his opinion the post of city engineer should not be a "one-man-job" and that an assistant is needed to perform minor building inspection work and to assist in the field and office.

The Council postponed action until January 6 at which time a special budget hearing will be held.

In another request, the City Engineer asked that street employees be covered by Civil Service with all benefits now granted other city employees under civil service. He also requested that the six men presently employed by the Street Department be blanketed into the Civil Service list.

Council action was postponed for further discussion at the January 6 budget meeting.

The City Engineer announced that work on the widening of Solano Ave. west of San Pablo Ave. has been completed by the Lee J. Immel Co. at a cost of some \$42,000.

The work was accepted by the Council with any legal problems referred to the City Attorney.

In other action, the Council passed a resolution approving the re-routing of the 43-A bus east bound on Solano Ave.

Mrs. Martha Woodworth was employed as part-time librarian at a monthly salary of \$75.

ALBANY BOWLING NEWS

By FRANK LACY

One of the most sensational 3-cornered matches ever witnessed at Albany Bowl was rolled last Saturday afternoon between Walt Miranda, Dave Colussi and Russ Gray.

The matches were three series of three games each. In the first series, Colussi smashed out a huge 608 only to be snowed under with Gray's 744. Miranda freed a terrific 694 in the second series, but was nosed out again by Gray with

Russ' games were 238, 237, 269; 243, 208, 248; and 237, 209 and 255. Not a miss in the nine games, two unmakeable splits being the only open frames.

Albany Girl, Law Student Recite Vows

At Palm Springs until after New Year's Day are the honeymooning Mr. and Mrs. Merrill Kenneth Albert (Doris Mae Bohmanson) who were married recently at Catholic rites in Berkeley. A reception followed at the Town and Gown Club.

The bride given in marriage by her father, chose a white nylon tulle frock worn over blush pink satin for her wedding. A white Chantilly lace mantilla fell to fingertip length and the bride carried white orchids and bouvardia on her prayer book.

Dior red taffeta ballerina length frocks were chosen for the two bridal attendants, Mrs. H. F. Smith, honor matron, and Patricia Blaney, bridesmaid. They carried sprays of white roses and camellias.

Michael Began served the bridegroom as best man while Jack Swift and Rodney Hughes were ushers.

The bride, an alumnus of the University of California, is the daughter of Mr. and Mrs. Robert

Local Real Estate Sales Up in '52

The latest issue of the Bay Area Real Estate Report reveals only a small change in the average prices of Bay Area homes. The report of the Bay Area Real Estate Research Committee is based on market opinions and estimates of sale prices for 98 sample homes in eight Bay Area counties.

Only an overall average decline of 1.3 per cent since April, 1952, was noted. In San Francisco prices were listed as "firm."

The report also says that market activities has shown a strong seasonal upturn from the dullness of last spring. It was particularly evident in higher priced homes.

In the Albany-Berkeley area the report noted that sales, for the first nine months of this year were 21 per cent higher than for the similar period of 1951.

A Combination That's Hard to Beat
Ice-Cream Soda Topped with Strawberry Jam

THE Piece de Resistance is a French expression that literally translated means, "the crowning touch." Well, today we are going to tell you about a crowning touch to your ice-cream sodas—homemade strawberry jam. And what's more, it's going to be strawberry jam made with quick-frozen strawberries in 15 minutes. Gone forever are the days when winter jelly making had to be restricted to certain fruits. For nowadays, strawberry jam can be made twelve months of the year. And believe us, it tastes even better than jam made with fresh strawberries.

Why, we just can't praise this homemade strawberry jam enough—and, placing a tablespoon of it on top of your ice-cream soda will assure you the last word in pure flavor.

Quick-Frozen Strawberry Jam
Yield: About 9 medium glasses
4 cups (3 twelve-ounce boxes) quick-frozen sliced strawberries, thawed
2 tablespoons lemon juice (1 lemon)
5 cups sugar
½ bottle liquid fruit pectin

Place thawed strawberries in a very large saucepan. Add lemon juice and sugar and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ¼ inch hot paraffin.

HAPPY NEW YEAR

Eye-Witness When Reds Took China

Mark Tennien had lived in China for 23 years. As a member of that famous group of Maryknoll Missionaries, Father Tennien lived in a small Chinese community, was a friend of the Chinese people, and spoke their language fluently.

Then came the Communists. First they were pleasant. Then they were curious. Then coaxing, and finally, demanding. And when demands weren't met, the fate was jail or death. For Father Tennien, because he was an American citizen, it was jail, starvation, torture. Father Tennien's experiences at the hands of the Reds, his first-person inside story of their methods and tactics, of their "brain washings" and peoples' courts and indoctrination methods, are told in a book he wrote in jail secretly on little scraps of paper and smuggled out of China miraculously. Its title, "No Secret Is Safe" (Behind the Bamboo Curtain) published by Farrar, Straus & Young. About "No Secret Is Safe," one critic has said: "The chief merit of Father Tennien's deeply disturbing book is not the thrilling personal history it recounts, not the picture of China sinking into the Communist quicksands which it gives, but the warning which it sounds for those still free and snugly sure that their freedom cannot be subverted."

One of the most tragic stories in the book is Father Tennien's report of the murder of Doctor William Wallace, the well-loved Baptist missionary.

In Memoriam

IN LOVING MEMORY of my loving husband, Joseph Lee, who passed away February 17, 1952. And so to peaceful rest you've gone. Where you've always wished to be. But every day that you're away To me, is an eternity. Your loving face I will see no more. Your laughter and your cheer. But in my heart, you will always stay. Because I loved you dear. LAURETTA.

I SAVED \$116.86 ON THE CAR I BOUGHT

"I made over a 50% down payment on a late-model car. I was told it would cost me \$257.60 to insure the car and finance the balance of \$700.00. Lucky for me I'd talked to a State Farm agent first, because I used the Bank Plan instead and paid an insurance and financing charge of only \$140.74. I saved \$116.86." (One of many actual cases.)

Many People Assume Finance Rates Are Standard THEY ARE NOT!

The Bank Plan offers you two proven money-saving methods. Lowest financing through a nearby bank and low-cost preferred-risk insurance rates. Get your own figures on the cost of the car you want and COMPARE them with Bank Plan costs FIRST! Call or see your State Farm agent BEFORE you buy.

Chevrolet to Create New Receptions of Auto Beauty

A Chevrolet that will create new conceptions of auto beauty and performance" speakers made clear that the company thru its newspaper advertising and promotion would give the model unprecedented backing."

Hacklin said the program should answer any doubts about the future of business.

"A company with the marketing knowledge of Chevrolet does not reinvest the tremendous capital required for a program of this nature unless it is firmly convinced of some sales possibilities," he pointed out. "It is quite apparent from the product that the largest automobile company in the world is an-

Albany Airman Based at Alameda

Guy Hudson, airman, USN, son of Mr. and Mrs. Ray Hudson of 825 Pomona Ave. is serving in Air Transport Squadron Two, now based at the Alameda Naval Air Station.

Air Transport Squadron Two flies the famous eighty ton, four engine Martin "Mars" seaplanes from Alameda to Honolulu in support of our forces in the Far East. The "Mars" which has a wing-spread equal to the height of a twenty-story building, has carried 301 passengers, more than any other aircraft in the world. The "Mars" also established

Koreans Need CARE Gifts To Survive Hunger, Cold

NEW YORK—The third winter of war means increased suffering for the South Korean people, Paul Conly French, executive director of CARE, reminded Americans in an appeal to continue their relief aid.

About 10,400,000 persons, half the total population, are in dire need of food, warm clothing and blankets, according to reports from Dr. Charles R. Joy, CARE mission chief in Korea. Mr. French said, Relief packages provided through donations to CARE-for-KOREA, 20 Broad St., New York 5, N.Y., or any local office of the non-profit agency, are direct assurances of these lifesaving supplies, he pointed out.

"Cities like Pusan and Seoul are swollen with refugees, who live in flimsy straw huts," Mr. French stated. "Orphaned children, clad in rags, roam the streets begging for food. Throughout the fall, families in rural areas were eating weeds and grass—bitter frozen fields do not yield even that succor from hunger."

"Starvation and cold must be fought as relentlessly as armed aggression, or the defense of freedom is meaningless. On behalf of Korea's suffering humanity, we must ask Americans to keep sending CARE."

CARE packages for Korea include: Food, underwear, knitting wool, cotton clothing fabrics, \$10 each; blankets, \$7 each; special food, \$5. Distribution is made to

a non-stop record for seaplanes on a 4,748 mile flight from Honolulu to Chicago.

The Albany Navy man reported to Air Transport Squadron Two last month from duty in Hawaii.

Hudson entered the Naval service in Dec., 1950 and received recruit training at the U.S. Naval Training Center, San Diego.

Before his entry into the Navy he was graduated from San Francisco State College.

Cornell Girl Scouts Hold Christmas Fete

Girl Scout Troop 123 of Cornell School held its annual Christmas party recently at the home of the Vincent Scapparos, 977 Kains Ave., during which gifts were collected for distribution to local needy children by the Albany Christmas Committee.

Carol singing and games, followed by supper, marked the end of a busy afternoon for the following scouts: Faith Douval, Barbara Enoksen, Marion Genievich, Shar-

Mrs. John Kollenbaum is troop leader, assisted by Mesdames Lawrence Lane and James McCormick. Troop committee members assisting with the party were the Mesdames Donald Goss, Joseph Kantor, Vincent Scaparro and Conway Smith.

MacGregor Brownies Make Tray Favors

Making tray favors and decoration for the Children's Hospital of the East Bay was the first of several community service projects completed by Brownie Troop 181, sponsored by MacGregor PTA.

The Brownies completed over 150 tray favors with each girl making at least 10, according to Mrs. Robert Straka, leader.

Believing leadership to be one of the most important phases of Brownie work, Mrs. Straka, who is assisted by Mrs. Wayne Skelton, maps out each meeting's duties in order to give each girl a different duty every other time. Cooperation and community service is also stressed.

Troop 181 is one of four troops sponsored by MacGregor PTA. It was organized in April with 11 members and now consists of 14, including Helen Mourgos, Diane Collier, Roxanna Steves, Janet Betten, Betty Dubravac, Carol Ann Jensen, Patricia Kalin, Diane Liot-ta, Mary Sue Meads, Sheila Ruth-

Area PTA Clothing Room Is Santa in Action Year Round

Santa Claus in action not only at Christmas but the year round is the Clothing Room operated by the Berkeley-Albany Council of PTAs, which provides clothing for needy school children.

An estimated 150 to 200 youngsters, referred by their school principal are out-fitted each month from the clothing room. The room is made possible through contributions from clothing drives, PTA units and individual gifts.

Contributors this year have included Codornices, Emerson, Cragmont, Albany High School, Jefferson, Whittier, Garfield, Thousand Oaks, Vista, LeConte, Wilhard, MacGregor, Cornell, Washington, Franklin and Burbank schools. Recently, the alumni of Alpha Chi Omega donated a large supply of new clothing as their "giving project" for the Christmas season.

A moving force of the Clothing Room is Mrs. Stanley Ellis, chairman of the activity, working with Mrs. John Amos, chairman of the Social Welfare department of the Council. Mrs. Ellis has a professional background of social work that makes her highly qualified to operate the room.

The operation of the room is accomplished without discrimination of race, color or creed. Any clothing contributions are eagerly received from organizations and individuals who can help in this work.

TV NEWS

By MILT BLANCHARD

As we previously had estimated, the end of 1952 saw some 150 applications for new television stations around the country okayed by the Federal Communications Commission. These video outlets will take to the see-waves within the next few months to bring the total throughout the country to some 250 active stations.

The strongest video station in the country (according to applications to date) will be the UHF commercial outlet of John Poole in Los Angeles, which will operate with 540,000 watts of power... Here's a note on upcoming wonders: The battle between kinescope and color-film has been deepened by a new process of electronic kinescoping being perfected by NBC-TV which provides pictures claimed to be better and sharper than film... and new magnetic tape for recording TV programs will set the whole shebang on its ears if upcoming demonstrations by its processors live up to advance promises.

Charles Laughton of the movies is scheduled to begin a TV series this month in which he will read from the Bible and from major works of literature. With a new year in sight, we want to express our gratitude to all our friends and customers of '52 for their patronage and loyalty... and we in turn pledge to serve you honestly and diligently in '53 as always. **SKIP'S RADIO & TELEVISION SERVICE**, 1553 Solano Avenue. Want to make some extra money?

Now your
maturing Series E Bonds
can earn interest
10 more years at 3%!

That's right!

YOUR TEN-YEAR-OLD United States Series E Defense Bonds, maturing this year, can continue to earn interest for ten more years at an average of 3% per year, compounded semiannually.

And there is nothing for you to do to get this extra earning power for your Bonds. Just hold on to them as you have been doing!

The extended earning period applies to all Bonds—those you already own and those you're now investing in. And every Bond you invest in now starts earning interest sooner and matures earlier—at 3%.

You may still redeem any Series E Bond two months after you get it; but smart people are holding their Bonds.

Are you investing in better-paying Defense Bonds regularly through the Payroll Savings Plan where you work? 7½ million Americans are. They know that it's one sure way to save. If you're not already one of those wise Americans, join the Payroll Savings Plan today. Or ask at your bank about the convenient Bond-A-Month Plan.

3 new money-making opportunities for you!

New Series H, J, and K Defense Bonds pay 2.76% to 3%!

If you want to get the interest on your Bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at your bank for descriptive folders about these new Bonds:

Series H. A new current income Bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000.

Series J. A new 12-year appreciation Bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

Series K. A new 12-year current-income Bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Now even better!
Invest more in Defense Bonds!
